

ANNUAL AHERA NOTIFICATION REQUIREMENTS

TO: PARENTS/LEGAL GUARDIANS/TEACHERS/EMPLOYEES/ORGANIZATIONS

This notification is being sent to you pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA) October 22, 1986; EPA Rule 40 CFR 763, Asbestos Containing Material in Schools, Subpart E, et seq. effective December 14, 1987. These regulations are defined in the United States Environmental Agencies Regulations. Specifically, 40 CFR §763.84(c) which requires that the local education agency (we) notify you at least once a year of asbestos inspections, response actions, and any post response action activities, including periodic reinspections and surveillance activities that are planned or in progress at our campus.

We have had a thorough asbestos survey, conducted by an AHERA accredited asbestos inspector. It was determined that there is no present asbestos danger on the campus.

The Asbestos Management Plan is available for your review in our office. Should you have any questions or desire further information, please contact Dennis Carter at 770-973-4114.
